WE’RE LOOKING FORWARD.
At Nichiha, we think the future is bright.

Your projects come in all shapes, styles and markets. That's why Nichiha is dedicated to helping you build the perfect structure for you, clad in our Architectural Wall Panels.

We combine the aesthetic of your favorite building material with the uncompromising durability of fiber cement, giving you the look you want in considerably less time and for a fraction of the cost. Our expansive collection of textures includes metal, wood, block, stone and brick options in a full range of colors and finishes. Once you've used a Nichiha product, you’ll see the difference — and want to use it again and again.
MULTIPLE LOOKS. ONE SOURCE.
Less time managing, more time imagining.

Why settle for one look when you can get multiple textures and finishes from a single manufacturer? With Nichiha Architectural Wall Panels, you can mix and match cladding styles to achieve the varied look you’ve been searching for. Whether you’re looking for metal, stone, wood, concrete or brick, we have it all. Plus, all of our panel styles operate on the same clip installation system — saying goodbye to multiple contractors. You’ll be able to move from conception to completion with ease, all while saving time and money.

USEFUL TIP
Add the finishing touches to your next project with our Essential Flashing on page 26.
Nichiha’s Color Xpressions system provides a degree of design freedom that most cladding products don’t offer. It delivers the strength of fiber cement in virtually any color, making it easier than ever to match your brand’s color seamlessly. The three-step process is simple:

1. Choose the exact color you want
2. Connect with a Nichiha representative who will coordinate the delivery of swatches
3. Sign off on your color selection

This premium feature is available for Illumination, Ribbed and TuffBlock panels and has no minimum order required. In addition to offering matching trim pieces, Color Xpressions is backed by a 15-year limited factory-applied finish warranty.

*See Nichiha warranties for detailed information on terms, conditions and limitations.
Get polished sophistication in your color.

Modern appeal. High performance. Cost-effective. The Designer Series, featuring Illumination and Miraia, is ideal for contemporary design projects. With its satin finish, ease of installation and virtually limitless color palette, Illumination provides significantly more value than traditional aluminum composite and phenolic panels.

Miraia — the only product of its kind in the fiber cement market — offers a reflective, high-gloss finish, perfect for design accents and as an affordable alternative to metal. It’s available in Snow, Glacier and Onyx.

Schools | Multi-family | Mixed-use | Office Building | Healthcare
Create depth and intrigue with THE DIMENSION SERIES

Don’t settle for a single, flat look when the Dimension Series lets you add depth, texture and color to your designs. Our multi-dimensional Ribbed™ and Novenary panels bring visual interest to smooth surfaces, like glass or metal, with recessed reveals and striking shadow lines. An additional element, like color, is the perfect way to add another layer of depth and intrigue. The Dimension Series gives you the design flexibility you desire to bring walls to life.

AWP 1818 CAN ONLY BE INSTALLED HORIZONTALLY.
Find form and function in THE MODERN SERIES

Take modern to the next level with distinct textures and tones.

The clean, modular look of the Nichiha Modern Series is a versatile choice for commercial and residential projects alike. The stylish tones and subtle seams are the perfect partner for gleaming glass and stainless steel. If you’re looking for a modern contrast, the cool hues glow when paired with the warmth of wood. This series offers two distinct textures to ensure you find the perfect fit. ArchitecturalBlock™ is a handsome, durable and cost-effective solution. The ease of installation and wide variety of corner options make it as popular with contractors as it is with clients.

Its partner product, TuffBlock™ offers many of the same features as ArchitecturalBlock, but takes urban to the next level with a tough, textured finish. TuffBlock is built to last with strong construction that stands up to everyday wear and tear, making it the perfect panel for high-traffic areas. Whichever panel you choose, you’ve picked one that packs a punch while saving you time and money in the long run.

**CUSTOM HUES MEET MODERN DESIGN**

With Color Xpressions, TuffBlock is now available in an array of custom colors. Learn more on page 6.
Get the natural look of wood with unmatched durability.

With 10 varieties of style and color, the Wood Series is our largest and most popular product line. Built to last, our VintageWood,™ RoughSawn,™ and brand new RiftSawn™ panels offer the rich textures of wood while providing color stability and withstanding extreme weather elements.

VintageWood exudes modern refinement and works well in both modern and vintage designs. Available in five colors — Bark, Cedar, Redwood, Ash and Spruce — VintageWood continues to be a best seller in the hospitality and healthcare markets. It pairs perfectly with glass, metal and block panels, adding a touch of warmth to the coolness of these materials. And because VintageWood can be installed vertically or horizontally, it offers a wide range of design options.
Add rustic sophistication with RoughSawn and RiftSawn.

Nichiha’s Wood Series provides the look of wood without the drawbacks of natural wood cladding, and the array of options continues to grow with the introduction of RiftSawn™. With its earthy appeal and rich texture, RiftSawn and RoughSawn™ add a rustic quality to all types of projects. They showcase the ridges, grooves and textures of natural wood while maintaining a consistent length that is easy to work with. RiftSawn is unique in the Wood Series with its full panel design, which incorporates a darker edge to create the look of a reveal. This provides the appearance of an open joint system with the added performance of a closed joint system.

Like VintageWood, these products also pair well with glass, metal, and block panels. And when it comes to installation, hidden fasteners provide a clean and beautiful look that works for exterior and interior applications. Nichiha gives you the perfect match — the beauty of wood backed by the brawn of fiber cement.
Find imperfect perfection with

THE CONCRETE SERIES

Put a fresh face on industrial chic.

Take back your time with the Nichiha Concrete Series. Designed to mimic the natural texture of concrete, our two panels offer distinct textures and styles to fit your creative vision. Plus, with the power of fiber cement, you can enjoy the look and feel of concrete without the curing times, cracking or color inconsistency.

IndustrialBlock™ offers a distressed design with all the irregularities and characteristics of natural concrete. It can pair seamlessly with a wide range of products, whether you are aiming for a modern or vintage vibe. EmpireBlock™ delivers the look and feel of precast concrete block with a modern twist. Perfect for indoor environments as well as exterior cladding, it features a unique dimple that defines the look of industrial chic.

Both sets of lightweight panels can be installed vertically and horizontally, covering approximately 15 square feet per panel, and have the durability you’ve come to expect from Nichiha.
Achieve the look of stacked stone without piling on cost.

The Nichiha KuraStone™ family of products gives you the rustic stacked stone look you’ve been wishing for — without breaking your budget. Its rugged texture and color variation add interest and charm as an accent or as the main attraction for a building, and the wide variety of finishes and panel sizes provide a natural look no matter where you use them. Plus, the reduced material cost and simplified installation come together to save you time and money.
Bring the classic to the present with **THE BRICK SERIES**

Get a timeless brick finish without the traditional hassle.

The slight variations in color, the stately good looks, the grout lines — it’s all there in the Nichiha Brick Series. Thanks to a proprietary multi-layered coating process, the beauty of brick is built to last in these fiber cement panels. With five finishes, you have the freedom to create the brick building of your choice without the extra cost or hassle. These panels really do have it all; however, we did leave out the tons of weight and the extra time required to see your project to completion. We figured they wouldn’t be missed.

Gain rock solid solutions with THE MASONRY SERIES

Get the beauty of stone for a fraction of the price.

Nichiha’s Masonry Series makes grandeur attainable for every situation. Offering a distinct finish, this series of stone panels is as elegant as it is affordable.

With its subtle color and deep texture, our SandStone™ captures the look of limestone and adds a traditional design aesthetic to any commercial building. Covering approximately 9 square feet per panel, this finish goes up in a fraction of the time required by a crew of masonry contractors. Plus, with three color options, you have even more possibilities for customization — all backed by the power of fiber cement.

NO MORTAR, NO MESS

Prefinished panels eliminate the need for messy mortar or costly masonry-skilled labor, while still providing a textured finish and enduring design aesthetic.
ESSENTIAL FLASHING

Create a clean, polished look for your building with the highest level of precision.

NOTES: EACH COMPONENT OF ESSENTIAL FLASHING IS SOLD SEPARATELY; STARTER AND OVERHANG FLASHING IS AVAILABLE IN BLACK ONLY.

STARTER FLASHING (10') - FTD4788
Used in conjunction with the Ultimate Horizontal/Vertical Starter Tracks at the bottom of a building.
THICKNESS 10MM
PACKAGING (LN. FT. PER BOX) 90

STARTER FLASHING OUTSIDE CORNER - FTD4788B
Used in conjunction with Starter Flashing at outside corners.
THICKNESS 10MM
PACKAGING (PCS PER PACK) 4

STARTER FLASHING INSIDE CORNER - FTD4788D
Used in conjunction with Starter Flashing at inside corners.
THICKNESS 10MM
PACKAGING (PCS PER PACK) 4

OVERHANG FLASHING (10') - JOH7288
Used at the base of overhangs, bump-outs or porte-cochères.
THICKNESS 10MM
PACKAGING (LN. FT. PER BOX) 40

OVERHANG FLASHING OUTSIDE CORNER - JOH7288B
Used in conjunction with Overhang Flashing at outside corners.
THICKNESS 10MM
PACKAGING (PCS PER PACK) 2

OVERHANG FLASHING INSIDE CORNER - JOH7288D
Used in conjunction with Overhang Flashing at inside corners.
THICKNESS 10MM
PACKAGING (PCS PER PACK) 2

OVERHANG FLASHING CLIP - JOH7288S
Placed at seams where Overhang Flashing and corners meet.
THICKNESS 10MM
PACKAGING (PCS PER PACK) 1

COMPRESSION JOINT FLASHING (10')
Used in conjunction with Ultimate Horizontal/Vertical Starter Tracks at floor joists in buildings that require compression joints. Can be painted or powder coated to match panels.
THICKNESS 10MM
PACKAGING (LN. FT. PER TUBE) 50

NOTES: EACH COMPONENT OF ESSENTIAL FLASHING IS SOLD SEPARATELY; STARTER AND OVERHANG FLASHING IS AVAILABLE IN BLACK ONLY.

Nichiha takes accessory protection to the next level with a removable film layer. Once installed, simply peel off the film to reveal blemish-free fixtures.

Our starter flashing serves a dual role — ensuring your project is polished to perfection and operating as a bug screen to keep annoying pests away.
INSTALLATION HARDWARE

Easily take your vision from the drawing board to reality.

**METAL TRIM**

With our customized metal trim, your project practically finishes itself.

- **CORNER KEY**
  - Extrusion used at outside corners instead of a preformed corner. A vertical expansion joint is required 2" to 12" from the corner when using this corner.
  - **DIMENSIONS**: 2" x 12" (50MM x 3030MM)
  - **PACKAGING**: (LN. FT PER TUBE) 50

- **OPEN OUTSIDE CORNER**
  - Extrusion used at outside corners instead of a preformed corner. A vertical expansion joint is required 2" to 12" from the corner when using this corner.
  - **DIMENSIONS**: 2.96" x 10'
  - **PACKAGING**: (LN. FT PER TUBE) 50

- **INSIDE CORNER**
  - Used where two Nichiha panels meets in an inside corner; alternative to Single Flange Sealant backer with sealant.
  - **DIMENSIONS**: 3.4" x 12'
  - **PACKAGING**: (LN. FT PER TUBE) 50

**HARDWARE & ACCESSORIES**

- **KURASTONE™ CLIP - JE720CA**
  - Creates a hidden fastening system that all but eliminates face fastening for Kurastone panels and corners.
  - **THICKNESS**: 10MM
  - **PACKAGING (PCS PER BOX)**: 6

- **CORNER CLIP - JE777C* & JE787C**
  - Corner clip for the preformed Nichiha fiber cement corners.
  - **THICKNESS**: 10MM
  - **PACKAGING (PCS PER BOX)**: 6

- **CORNERS**
  - Prefinished corners are used in conjunction with horizontal panel installation.
  - 17 7/8"H x 3-1/2" [face]
  - 1818MM H x 88.9MM [face]

- **H-MOLD**
  - Can be used at the end of 3030 panels instead of the Double Flange Sealant Backer, but not at the preformed outside corner.
  - **DIMENSIONS**: 0.375" x 10'
  - **PACKAGING**: (LN. FT PER TUBE) 50

- **J-MOLD**
  - Can be used instead of Single Flange Sealant Backer at vertical jambs for doors and windows, but not at the inside corners of the building.
  - **DIMENSIONS**: 0.375" x 10'
  - **PACKAGING**: (LN. FT PER TUBE) 50

- **ULTIMATE VERTICAL STARTER TRACK (10’) - FA710T**
  - Ensures a fast, level installation with 3030 panels. Its patented drainage channel directs water out and away from the base of the wall.
  - **THICKNESS**: 10MM
  - **PACKAGING (LN. PT. PER BOX)**: 100

- **ULTIMATE HORIZONTAL STARTER TRACK (10’) - FA700**
  - Ensures a fast, level installation. Its patented drainage channel directs water out and away from the base of the wall.
  - **THICKNESS**: 10MM
  - **PACKAGING (LN. PT. PER BOX)**: 100

- **CORRUGATED SHIM (4’) - FS1005 & FS1010**
  - Used for face fastening where required (top of building, doors, windows, etc.)
  - **THICKNESS**: 5MM (FS1005) / 10MM (FS1010)
  - **PACKAGING**: (LN. FT PER BOX) 200

- **OPEN OUTSIDE CORNER**
  - Extrusion used at outside corners instead of a preformed corner. A vertical expansion joint is required 2" to 12" from the corner when using this corner.
  - **DIMENSIONS** (NOM. FT. - ACTUAL MM): 3.4’ x 12’
  - **PACKAGING**: (LN. FT PER TUBE) 50

*JEL778 and JE777C are compatible with all panels except SandStone and VintageBrick.
**JEL788 and JE787C are compatible with SandStone and VintageBrick only.

**ULTIMATE CLIP II WITH JOINT TAB ATTACHMENT - JEL778* & JEL788**

- Creates a hidden fastening system that all but eliminates face fastening. The joint tab helps support panel lateral stability.
  - **THICKNESS**: 10MM
  - **PACKAGING (PCS PER BOX)**: 30

**SINGLE FLANGE SEALANT BACKER (6’) - FH1015R**

- Used for vertical joints at doors and windows and at inside corners of the building.
  - **THICKNESS**: 10MM
  - **PACKAGING (LN. PT. PER BOX)**: 65

**DOUBLE FLANGE SEALANT BACKER (10’) - FH1015R**

- Used for vertical expansion joints. Placed at the end of each 3030 panel, and every 30’ with 1818 panels and with the preformed outside corner.
  - **THICKNESS**: 10MM
  - **PACKAGING (LN. PT. PER BOX)**: 100

**KURASTONE™ CLIP - JE720CA**

- Creates a hidden fastening system that all but eliminates face fastening for Kurastone panels and corners.
  - **THICKNESS**: 10MM
  - **PACKAGING (PCS PER PACK)**: 50

**CORNER CLIP - JE777C* & JE787C**

- Corner clip for the preformed Nichiha fiber cement corners.
  - **THICKNESS**: 10MM
  - **PACKAGING (PCS PER BOX)**: 6

**CORNERS**

- Prefinished corners are used in conjunction with horizontal panel installation.
  - 17 7/8"H x 3-1/2" [face]
  - 1818MM H x 88.9MM [face]

- METAL TRIM

*Thanks to our Color Xpressions system, Nichiha can customize trim to match any color you use on custom color panels.

For popular panels like VintageWood, we’ve made ordering easier by color matching all of our trim profiles to have in stock for fast delivery.

Our trim gives you options

All of our metal trim is available in four finishes: primed, clear anodized, powder coated, or custom color. For pricing and lead times, view our Price Catalog at nichiha.com/price-catalog.
Whether you are an architect, contractor, installer or builder, Nichiha ensures that you have all the information you need to make your project go as smoothly as possible. The way we see it, we are partners. Our website offers a comprehensive collection of technical information, installation videos, architectural details, in-depth specifications and everything you’ll ever need to know about installing Nichiha products.

**LOW MAINTENANCE**
No-fuss products. Little ongoing cleaning or regular maintenance needed. Bring your vision to life and ensure it looks great for years to come.

**ENGINEERED FOR PERFORMANCE**
Go beyond our durable panels and discover a meticulously engineered moisture management system that provides a vertical drainage point for air and moisture to exit.

**ANY WEATHER PRODUCT**
Products can be installed year round in any climate across the country. No geographical restrictions means more possibilities.

**NO MORTAR, NO MESS**
Prefinished panels eliminate the need for messy mortar or costly masonry-skilled labor.

**EASY INSTALLATION**
Time-saving clip installation system that reduces construction time and minimizes installs.

CERTIFICATION & TESTING

SILICA DUST WARNING: Nichiha products may contain some amounts of crystalline silica [a.k.a. sand, silicon dioxide], which is a naturally occurring mineral. The amount will vary from product to product. Inhalation of crystalline silica into the lungs and repeated exposure to silica can cause health disorders, such as silicosis, lung cancer, or death depending upon various factors. To be conservative, Nichiha recommends that whenever cutting, sawing, sanding, snipping or abrading the product, users observe Safety Instructions. For further information or questions, please consult the MSDS, your employer, or visit osha.gov/SLTC/silicacrystalline/index.html and cdc.gov/niosh/topics/silica. The MSDS for Nichiha products are available at nichiha.com, at your local Nichiha dealer or through Nichiha directly at 1.866.424.4421. FAILURE TO ADHERE TO OUR WARNINGS, MSDS, AND OTHER INSTRUCTION MAY LEAD TO SERIOUS PERSONAL INJURY OR DEATH.
